

Graphic designer

The European Food Information Council (EUFIC) is looking for a young and inspired graphic designer to support our public engagement team.

Start date: ASAP

Deadline: 28 November 2024

Contract duration: 6 months (with possibility to be renewed)

About us

The European Food Information Council is a non-profit organisation that communicates food and health science to the public. We are a lively, multi-disciplinary, and multicultural team of just over 20 colleagues. Our headquarters is in the heart of Brussels but our team is working from all corners of Europe.

At EUFIC, we are a passionate science-communication group of experts who believe in the power of knowledge, and in a world where people live healthier and more sustainable lives because they know how to. To help building it, we offer accessible, appealing and actionable science-based information to inspire and empower people to improve their diet and lifestyle.

About the job

This is a great opportunity to join an organisation which takes pride in its visual communication. You will be working alongside an experienced graphic designer, liaising with colleagues to craft content for EUFIC's campaigns as well as offering support and input on graphic design for EU projects. EUFIC is a high-paced environment and is comprised of a very motivated team and we strive to put.

As part of the content creation team, (depending on your specific skills), your tasks will include:

- Developing EUFIC's visuals, for social media, web and print
- Create corporate communication materials for EUFIC
- Creating on-demand visuals for EU projects, as well as a variety of identities
- Supporting colleagues in ad hoc graphic design requests
- Participating in creative brainstorming sessions
- Adapting illustrations and animating them

About you

- You hold a degree in graphic design
- You have at least 1-3 years of experience in a similar position
- You have a creative flair, a natural ability for layout and hold your work to high standards
- You are competent in Adobe Illustrator, InDesign and Photoshop and have knowledge of Adobe After Effects and PremierePro
- You hold knowledge of Microsoft Word and PowerPoint
- You know how to simplify complex information and present it in an easy-to-digest format
- You can create simple animations
- You are organised, capable of managing several tasks at once and can work with short deadlines
- You are a proactive and dynamic team player, able to adapt to changing priorities
- You are willing to work closely with colleagues to ensure science-based accuracy of the materials produced
- You speak English fluently
- A passion for a healthy and sustainable lifestyle and/or in science communication is a plus!

Job conditions

- Multicultural workplace in the heart of Brussels
- Remote location possible
- Full time – 38h/week
- A space to put your expertise into practice and develop yourself
- May involve European travel for meetings and conferences

Application

Email your CV, with either a PDF portfolio, or a link to an online one, and a succinct letter of motivation in English, to jobs@eufic.org before **Thursday 28th November** stating “Graphic Designer” in the subject line.

Candidates need to be in the possession of a work permit for Belgium if applicable. Only shortlisted candidates will be contacted. Interviews will take place in Brussels or via Skype/Teams in the first instance.
