

## European Congress on Obesity 2018: What's new in obesity research?

29 May 2018

EUFIC was back at the 25th European Congress on Obesity (ECO 2018) in Vienna, learning from researchers how their work further helps tackle obesity. This year's topics included science, treatment and public health, with special sessions on stigma, discrimination and childhood obesity. Check out the short videos interviews with obesity experts!
